

Certification Data Current Certificate Holders
Data Description

Current Certificate Holders Data	
<p>ONTARIO REGULATION 222/01 - CERTIFICATION AND TRAINING OF ELEVATING DEVICE MECHANICS Summary: TSSA can provide the certification data listed below for mechanics certified in Ontario. Elevating device mechanics are certified to work in Ontario, regardless of where they reside. TSSA Elevating Devices Inspectors are also certificate holders. Renewal of certification is conditional upon payment and evidence of any continuing education required. For certainty, TSSA is not required to track the employment status, role, nor employer of certification holders.</p>	
Data Available	Definition
